INVITATION

Dear colleagues,

It's a privilege to announce the 6th Greco-Israeli Hematology meeting, which will be held in Nicosia, Cyprus 9-10 May 2024.

We are very happy to invite you in a congress with physical presentation. Colleagues from Israel, Greece and all over around Cyprus will join us in another successful and of high scientific level meeting.
New data in the most important topics of hematology will be presented in the scientific program. We also continue the successful sessions of working groups, which are active, offering the participants the opportunity to discuss their work and research.

We invite you all to join the meeting to present data, discuss and work together.

Looking forward to welcoming you in Nicosia in May!

PREPARATION OF THE ABSTRACT

Title

Title must be short and concise and written in capital letters.

Authors - Centre of Origin / Affiliations

• This information should be typed below the title, in lowercase. The first name should precede the last name and NOT written in full, but only with the first initial. (Eg D. Smith).

• Center of origin/Authors' Affiliations should be written below the authors.

• In case of multiple origin centers, they must be separated by numbers in superscript:
- After each name, e.g. D. Smith[1], A. Dimou[2]
- Before each center origin, e.g. [1]Origin Center A, [2]Origin Center B

Text summary and Tables

• The body of the Abstract (text and tables) should not exceed 500 words.

• The Abstract should be structured in the following order: a) Purpose of the study, b) Material and Methods, c) Results and d) Conclusions.

• If the Abstract refers to a clinical study, the approval of the National Drug Authority should be mentioned.

• For the objective evaluation of the Abstracts, identifying features such us author or institutional names should not be mentioned either in the title or in the text of the Abstract.

General instructions for the preparation of Abstracts

- Do not leave a space at the beginning of each paragraph.
- Use the tab key and not the space bar, to line up text lines or table rows, when necessary.
- Do not use characters that are not common in all fonts.
- Charts and tables should be placed one below the other, not side by side.
